

Dear IHSS Provider,

This is an important notice of the **eligibility requirements for you to receive and maintain Health and Dental Insurance** provided by In-Home Supportive Services Public Authority of Marin.

To receive Health and Dental Insurance you **must** do the following:

- **Work and be paid for a minimum of 65 hours every month for Kaiser and 85 a month for Dental.**
- **Update your hours worked on line or via telephone twice a month as indicated by IHSS of each month.**

Warning of Insurance Benefits Cancellation

Providers who do not comply with the eligibility requirements for two months, will have their Health and Dental Insurance cancelled and a COBRA application sent out to them.

Before being reinstated, you must reimburse IHSS PA for any months you were covered by insurance, but were not deducted or did not pay the premium.

If you don't see the deduction on your pay stub for your Health Care Benefits, call me immediately! You may lose or have lost your benefits if you are not being deducted for them. Always check your pay stub information to be sure you are getting deducted for your benefits. It will be on the HEALTH line on your pay check stub.

If you are working for an In-Home Supportive Services (IHSS) recipient, but not updating your hours worked online on time, you are in danger of losing your Health and Dental Insurance.

If you need more work hours, please contact the Public Authority at (415) 499-1024 and ask for a Registry Specialist.

If you have any questions regarding your eligibility for Insurance through IHSS, please give me a call.

Important Questions		Answers	Why this Matters:
What is the overall deductible ?		\$1,000 Individual / \$2,000 Family	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan , each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible .
Are there services covered before you meet your deductible ?		Yes. Preventive care and services indicated in chart starting on page 2.	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost sharing and before you meet your deductible . See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/ .
Are there other deductibles for specific services?		No.	You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan ?		\$3,000 Individual / \$6,000 Family	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan , they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit ?		Premiums , health care this plan doesn't cover, and services indicated in chart starting on page 2.	Even though you pay these expenses, they don't count toward the out-of-pocket limit .
Will you pay less if you use a network provider ?		Yes. See www.kp.org or call 1-800-278-3296 (TTY: 711) for a list of network providers .	This plan uses a provider network . You will pay less if you use a provider in the plan's network . You will pay the most if you use an out-of-network provider , and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist ?		Yes, but you may self-refer to certain specialists .	This plan will pay some or all of the costs to see a specialist for covered services but only if you have a referral before you see the specialist .

 All copayment and coinsurance costs shown in this chart are after your deductible has been met, if a deductible applies.

Chubb GAP Supplement

Gaps in Medical Coverage May Result in Unexpected Costs...
We've Got You Covered

Need coverage to help
pay your Kaiser out-of-
pocket costs?!?!?

The rising cost of health care is a real challenge to both employees and employers! Affordable health care coverage often means more risk to employees through increased deductibles and high out-of-pocket expenses.

The Chubb Gap Supplement plan is designed to help you pay for covered out-of-pocket expenses you may incur while you are confined in a hospital or while being treated as an outpatient, due to an illness or injury.

How does the Chubb GAP Supplement work?

- Reimburses 100% of the eligible out-of-pocket costs (deductibles and co-insurance) for in-hospital or outpatient services resulting from an injury or sickness, not paid by your group major medical plan up to the maximum amount stated for each benefit.
- Eligible expenses must be covered by group major medical plan.
- You can submit copies of your bill and the completed Claim Questionnaire to Chubb for payment. If the claim is approved, a check will be mailed to your home.
- You can submit your claim at the time you receive the bill, or you can wait to submit it until the end of the year, but must be filed no later than 12 months from the date of service in order to be eligible for coverage.

Basic Plan Benefits:

Hospital Confinement Benefit

- Up to **\$3,000** per Insured Person per Calendar Year
- Includes hospital stays that are 15 consecutive hours or longer and the associated charges (ex: In-patient Hospitalization, Surgeries and Physician's In-Hospital charges)
- Includes Emergency Room treatment for injury.
- Includes Emergency Room treatment for a sickness if it results in a hospital confinement within 24 hours

Outpatient Benefit

- Up to **\$1,500** per occurrence subject to a maximum of 4 occurrences per family per calendar year
- Covers out of pocket expenses for outpatient treatment under the regular care and attendance of a physician at a hospital, outpatient surgical or emergency facility, a diagnostic testing facility or similar facility that is licensed to provide outpatient treatment.
- Same or related conditions are considered a new "occurrence" if separated by at least 90 days consecutive treatment-free days

The policy excludes the out-of-pocket expenses related to these services, even if they are covered by your major medical plan:

- | | |
|--|---------------------------------|
| • Costs associated with treatment in a doctor's office | • Wellness or Preventive Care |
| • Prescription Drugs | • Mental and Nervous Conditions |
| • Well-newborn care in hospital | • Ambulance |
